# DECLARATION FORM ON REPLACEMENT OF LIFE INSURANCE POLICY

Great Eastern
An OCBC Company

Proposal No. | Policy No.

## IMPORTANT NOTICE

1) **Definition of Replacement of Policies:** Any transaction involving the purchase of life insurance policy is construed as a replacement of policy if within 12 months before or after a new policy is effected, an existing life insurance policy has been:
   (a) lapsed, surrendered, partially surrendered or forfeited;
   (b) changed or modified into paid-up insurance policy, continued as extended term insurance or automatic premium loan, or under another form of non-forfeiture benefit or otherwise reduced in value by the use of non-forfeiture benefits, dividend accumulations, dividend cash values or other cash values; or
   (c) changed or modified so as to effect a reduction in the amount of premiums paid arising from the reduction of sums insured and/or rider or removal of rider, or in the period of time the existing life insurance will continue in force.

2) **Replacement of Medical Plan:** You are advised to evaluate your medical insurance needs accordingly and understand the following options before submitting an application for replacement of medical plan. You are advised to discuss with your agent or contact the Company for further clarification on the effects and implications of replacing your existing medical plan:
   i. **Option to convert or upgrade existing medical plan:** We understand that your medical insurance protection may have changed over the years. Before replacing your existing medical plan(s) with this proposal, you are advised to consider the option of converting or upgrading your existing medical plan. Please note that any conversion or upgrade of your medical plan will be subject to the Conditional Waiver of Waiting Period: If an Illness or Specified Illness occurs within 30 or 120 days respectively from the Replacement Date of your new medical rider, the eligible expenses incurred for all insured benefits will be based on the previous medical rider's amounts and limits, and terms and conditions. Thereafter, the new medical rider's terms and limits, and terms and conditions will apply.
   ii. **Option to maintain multiple medical plans:** A proposal for multiple medical plans is allowed to enable you to continue to enjoy the benefits of your existing medical plan by submitting a duly completed "Multiple Medical Card - Customer Acknowledgement Sheet". However, this is subject to the 'Coordination of Benefits' clause, that is, the Company will not provide any compensation other than on a proportionate basis if the Life Assured has any other hospitalisation coverage on reimbursement basis with the Company or others, or is receiving compensation from other sources in respect of the Injury or Illness or Disease for which he/she is making a claim. The claims payout in aggregate shall be limited to the Reasonable and Customary Charges, for the disability in which the claim is made.
   iii. If you apply to replace your policy, or to replace or upgrade your existing medical plan to another medical plan, or apply for a second medical plan, please be informed that the information you give to the Company in relation to such action is relevant to the Company in deciding whether to accept your application, and the rates and terms to be applied. The Company may terminate or void the application (if issued), deny or reduce your claim, or change or vary the terms of the contract, if there is any non-disclosure, misrepresentation, misstatement, inaccuracy or omission.
