You are advised to evaluate your insurance needs accordingly and understand the following important information before purchasing multiple medical policy on the same life to be assured. You should read and understand the terms and conditions of your insurance policy and discuss with the agent or contact the Company, if you need further clarifications.

**Your attention is specially drawn to the following important information:**

**If I have more than one medical plan, how would the Company pay my medical bill(s)?**

This is subject to the 'Coordination of Benefits' clause, that is, the Company will not provide any compensation other than on a proportionate basis if the life to be assured has any other hospitalisation coverage on reimbursement basis with the Company or others, or is receiving compensation from other sources in respect of Injury, or Illness or Disease for which he/she is making a claim.

The claims payout in aggregate shall be limited to the Reasonable and Customary Charges for the disability in which the claim is made.

**Can I use the medical card overseas? What are the benefits covered while I'm overseas?**

Medical card can be used within Malaysia only. However, reimbursement of the medical expenses on Medically Necessary and Reasonable and Customary Charges is allowed if you reside or travel outside Malaysia for not more than ninety (90) consecutive days. Such reimbursement shall be limited to the Reasonable and Customary Charges for such equivalent local treatment in Malaysia and shall exclude the cost of the transport to the place of treatment in overseas, subject to the 'Coordination of Benefits' clause.

In addition, if you travel outside Malaysia for a period not exceeding 120 consecutive days on any one trip, you are also eligible for the travel assistance and international medical assistance services.

Note:
For further information, please refer to the terms and conditions specified in the insurance policy issued by Great Eastern Life Assurance (Malaysia) Berhad.
