Investment Strategy and / or Investment Horizon as selected under items 4(a), 4(b) and / or 5 above shall also be applied to all unit funds that had already been allocated in the policy in such a way that these funds will be switched, according to terms and conditions of the policy, at the policy anniversary so that the total investment value after switching shall consist of investment value of the specified unit funds in the same proportion as stated in the Investment Strategy selected in respect of each policy year. This funds switching will be performed automatically at each policy anniversary based on the unit price at Next Valuation Date after the end of the previous policy year. For all Investment Strategy, the GSR premium (if any) must be in the same fund(s) and percentage apportionment as the BIP. In the case of Investment Strategy 7, if the strategy is not indicated in any of the policy years, the selected premium apportionment and funds switching of the last indicated strategy shall continue to apply until further instruction from the policy owner.
